Dear Vlasta Parkanova,

I want to thank you very much for inviting me and my family to the Czech Republic and giving me such a tremendous programme during our stay.

I couldn't have made another journey to Prague without the wonderfully easy travel arrangements which you made for me. It really allowed me to return home without getting overtired.

The trip to the school and observatory was delightful. You helped me fulfil a long-held ambition to visit Klet observatory with my son-in-law and grandson, as well as allowing me to make a happy visit to the school in Kunzak, now named after me. The journey there by helicopter was very easy and enjoyable.

Once again my thanks for inviting me and my family on such an unforgettable trip.

With best regards,

Nicholas Winton
